Will was not of sane mind.

Well... that was an exaggerated way of putting it. He just wasn't... normal. He didn't hold the same sensibilities as other. He didn't understand the concept of 'normal'. He didn't get what made on thing or trait okay and another not. He also didn't feel to inclined to follow such arbitrary rules most of the time. Which is why he preferred being alone. It was so much easier to just exist when you didn't have to worry about every little small thing you did with people. Still... he had some semblance of things that he should avoid getting known by the public. Prison was not a favorable thing.

So when he started dating a man eating monster even he knew that he needed to keep that under wraps.
